Foreword by the ESF 3.234 LEAP Project Leader

This volume is one of three publications entitled 'ESF 3.234 LEAP Project Network Directories' which consist of various organisations' details that render services within the social field in Malta and Gozo. The LEAP team augurs that you and your entity will find the contents useful in creating further links with these organisations.

We are aware that organisations regularly evolve and new ones are created; efforts were made to ensure that the details provided at the time of publication were precise. Conscious of this fact, we still believe that these directories will be serving their purpose. Ample space has been designated for insertion of contacts which have not been included. This is due to the fact that these publications are intended to be used on a regular basis and serve as a networking tool, with sticky notes, highlighted sections and your own notes, wear and tear permitting.

The main purpose of the LEAP project was to facilitate networking. It now depends on you and your organisation to fulfil this mission. It was a pleasure being of service and travelling the LEAP project's path with other organisations that have taken up the challenge and implemented the set targets relating to networking. This directory was one of them.

The Department for Tourism and Economic Development's remit comprises the following main responsibilities:

- The promotion of Gozo as a distinct tourism destination reflecting the island's regional dimension;
- Promoting Gozo as an all year round tourism destination;
- Enabling the tourism Industry to be the central economic activity, taking advantage of the various indigenous comparative strengths across the different seasons;
- Promoting industry inter-linkages between the tourism Industry and other traditional and emerging industries, thus promoting higher value-added and indirect export services;
- The development of the Tourism Product in collaboration with the Malta Tourism Authority and other Departments within the Ministry for Gozo – namely the Departments for Projects & Development and Eco-Gozo Regional Development;
- Ongoing improvements in the areas of Beach Cleaning and Public Cleansing Services; and
- The promotion and enabling of investment and employment opportunities in Gozo in collaboration with the Malta Enterprise and the Employment and Training Corporation.
